To DiGiorgio Roofing & Siding,

I would like to sincerely thank you for your donation of shingles, tar paper, and roofing nails for my eagle project. Without it, this covered bridge wouldn't be able to handle weather conditions. Your donation has been an immense help to the boy scouts, the community, and to myself. Again I thank you for your donations that were used to build a covered bridge over the spillway at Fountain Lake on the Ansonia/Seymour Border.

Sincerely,

Chuck Collinge

---

Mr. David DiGiorgi,

I am writing to say thank you for your donation of roofing supplies and labor for our concession stand project here at Fairfield Ludlowe High School. Your crew did an outstanding job in some difficult weather conditions and the roof looks great! Your generous help, along with donations from many others, has enabled us to be able to complete this needed storage, bathrooms and concession area.

If you are in the neighborhood, please stop by and take a look!

Thanks again,

*Dave Schulz*
